

# OPIOID OVERDOSE PREVENTION

## Unique Opportunity:

## Online Course + Virtual Roundtable!

### ONLINE COURSE

#### Opioid Overdose Prevention: Understanding the Basics

To register, go to <https://psonline.edc.org>

Participate in our award-winning, self-paced online course and explore:

- The scope of the opioid crisis in the U.S. today
- Factors associated with opioid overdose
- Strategies to reduce opioid misuse and overdose
- Characteristics of a comprehensive prevention approach

**PRICE:** \$89

**LENGTH:** 5 hours, according to your own schedule

**CERTIFICATION:** Endorsed by the International Certification and Reciprocity Consortium

**WINNER:** 2018 E-Healthcare and Omni Awards

### VIRTUAL ROUNDTABLE

#### What Is a Comprehensive Approach to Opioid Overdose Prevention?

**January 24, 2019, 2 – 3 pm EST**

Join Gary Langis, founding member of the New England Prevention Alliance, and Alejandro Rivero, Program Manager for the Prevention Department at Bay State Community Services and Program Director of Impact Quincy, in a rich discussion of their experiences:

- Partnering with communities to design and implement comprehensive plans
- Building readiness among diverse sectors to participate in overdose prevention efforts
- Developing “postvention” strategies that have revolutionized community responses to non-fatal overdose

**Sign up for the online course by January 15 and earn a spot in the virtual roundtable!**  
**Space is limited so register now!** Participants will be provided roundtable access information following course registration.

Prevention Solutions@EDC offers training options to help prevention professionals make ethical choices in their work, and to prepare others to do the same.
