LENGTH: 20 hours | **PRICE:** \$1,000

Ready to develop the practical skills needed to build strong substance misuse prevention programs and practices in your state or community?

NOW'S YOUR CHANCE!

This all-virtual training prepares practitioners for the realities of today's substance misuse prevention environment.

- Focused on the needs of individual practitioners working in the field
- Hands-on and highly interactive with new tools to help practitioners hit the ground running
- Reflects updates to the Substance Abuse Prevention Skills Training (2018) but with greater focus on community mobilization, communications, and addressing health disparities throughout the prevention planning process
- Designed exclusively for a webinar platform—not adapted from an in-person training
- Endorsed by the International Certification and Reciprocity Consortium (IC&RC)
