Prevention Perspectives

Balancing Competing Priorities: Preventing Substance Misuse During COVID-19

The While loosening restrictions on alcohol delivery and internet sales may strengthen the economy and reduce COVID transmission, they also produce harmful consequences, such as easier access to alcohol and greater acceptance of alcohol use as an acceptable coping strategy. [Read more.](#)

Helping Students Make and Keep Friends in the COVID-19 Era

Protecting students from COVID-19 is critical to students' health and well-being, but so is helping them develop and maintain friendships. [Read more.](#)

Service Spotlight

'Just in Time' Learning Modules Support Environmental Change in North Dakota

PS@EDC partnered with North Dakota's Department of Behavioral Health and Human Services to develop a series of recorded presentations and worksheets on effective environmental prevention strategies. [Learn more.](#)

Let us help you move science to practice by building a prevention workforce empowered to make a difference.
