Find out what’s new this month from Prevention Solutions@EDC! Learn about upcoming events and new resources to support your substance misuse prevention efforts!

THE CAPT WEBSITE MAY HAVE GONE AWAY, BUT THE RESOURCES HAVEN’T!

In operating SAMHSA’s Center for the Application of Prevention Technologies (CAPT) for over a decade, EDC had the privilege of developing hundreds of resources to inform substance misuse prevention practice, strengthen the prevention workforce, and support the selection, implementation, and evaluation of innovative and evidence-based programs and strategies.

Now, through the Prevention Solutions@EDC website, you can access all the tools, briefs, fact sheets, and stories previously housed on the CAPT site—as well as new tools and stories developed by PS@EDC.

Go to the Prevention Solutions@EDC site, look under Services, then click on Resources. Access these free resources now!

SUSTAINABILITIES ONLINE COURSES NOW CHES/MCHES CERTIFIED!

And don’t forget that *Opioid Overdose Prevention: Understanding the Basics* is
Upcoming Events

ONLINE COURSE: ETHICS IN PREVENTION
May 20-31, 2019

Preparing for prevention specialist certification? Sign up now for our 6-hour moderated online ethics course. Endorsed by the International Certification and Reciprocity Consortium (IC&RC) and NAADAC-certified, this interactive learning experience explores the six principles of the Prevention Code of Ethics, brought to life with realistic examples designed to enhance participant understanding. Register Now!

VIRTUAL TOT: SUBSTANCE ABUSE PREVENTION SKILLS TRAINING
New Date! June 10-14, 2019, 11 a.m. – 1:30 p.m. ET

Remember when you participated in the Substance Abuse Prevention Skills Training (SAPST) and thought, “Wouldn’t it be fun to deliver this training myself?” Now’s your chance!

This intensive, 5-day training of trainers prepares practitioners to deliver the SAPST independently. Participation includes 16.5 hours of interactive, online learning, including a review of all training content and 10 group-learning activities. Participants will also receive access to the latest 2018 SAPST and training-of-trainer materials. Register Now!

Featured Resources

ENVIRONMENTAL STRATEGIES TO PREVENT UNDERAGE DRINKING

This comprehensive, online guide includes information gathered from existing research and practice literature on environmental strategies that aim to reduce underage drinking. For each strategy, we include information on the populations for which the original strategy was designed, evaluation outcomes that provide evidence of effectiveness, and additional resources.
