FREE WEBINAR! Meeting the Social and Emotional Needs of Students: Taking a Multi-Tiered Approach

March 25, 2020, 11:00 am – 12:00 pm ET

Despite their importance, social, emotional, and mental health supports are often fragmented, resulting in patchwork programming that strains limited resources and leaves many children without the services they need. This webinar will explore strategies for using multi-tiered systems of support (MTSS) as a practical response to this challenge. [Register now!](#)

Featured Resources

Preventing Opioid Misuse: Five Things Businesses Can Do

Explore strategies for supporting employees and colleagues affected by opioid

use, and establishing a workplace that is safe, compassionate and productive. [Read more!](#)

Prevention Perspectives

Reducing Teen Vaping: States and Communities Take the Lead

Despite the growing popularity of vaping among teens, the federal response to this pressing public health problem has been limited. Fortunately, there is much states and communities can do to reduce youth vaping in the absence of strong federal legislation. [Read more!](#)

Service Spotlight

Preventing the Next Overdose: PS@EDC Partners with POST Projects across Massachusetts

Find out how PS@EDC is working with post-overdose support teams as they reach out to survivors and families in the days and weeks following an opioid overdose event. These teams of community-based professionals—consisting of a public safety representative (police/fire) and harm reduction specialist—visit overdose survivors and their families in the days or weeks following the overdose event, offer an important bridge between the crisis and a safer future.
